

Final Project Resolution Criteria

Kaung Set Lin

- Price will be verified on Yahoo! Finance at finance.yahoo.com
- If market data is unavailable due to a holiday or unexpected reasons, the price will be set to the most recent past price that has been recorded at 01:00 PM PST.
- If TSLA stock data becomes unavailable from Yahoo! Finance, the most recent past price that has been recorded at 01:00 PM PST will be used.
 - Bankruptcy
 - Privatization
 - Rebranding (e.g. FB to META)
- If data from Yahoo! Finance is not available (e.g. server error), another credible source such as Robinhood will be used instead.
